RULES GOVERNING LEAGUE CHAMPIONSHIPS

27. The following rules shall be observed by all participating clubs. They shall be subject to amendment only in accordance with rules 19, 20 & 21 of the Association. The Executive Committee shall have the power to decide all matters not specifically provided for in the rules.
28. A Club wishing to complete in the League shall complete an entry form and forward this to the General Secretary to arrive no later than 14th July each year. A Club may enter any number of teams. In the event of new Clubs, or complete teams of new players from existing clubs, joining the league, The Executive Committee, after having evaluated their standard of play and playing facilities, shall decide in which division each team shall play.
29. Entry fees, which must be submitted with entry forms, shall be decided at the previous Annual General Meeting. National and County fees shall be due as levied. Any club failing to pay all entry fees by 31st July shall not be entered into the league. The Executive Committee shall have the power to suspend any offending clubs for a season. A junior team shall be a team consisting of not more than one senior player.
30. Each club shall deposit a Guarantee Fee of £10.00 with the Association at the beginning of each season. This fee shall be returnable, on request, provided the club has met all its obligations.

31. Any bona-fide member of an affiliated Club shall be eligible to register as a senior player or any such member under 18 years of age on 1st January in the current season as a junior player, before the commencement of the season.

32. Application forms for registration of player must be completed and signed by each club secretary and a list of all players in each team forwarded to the General Secretary with the application form for membership of the league. When, due to extreme transient conditions, it shall be impracticable for the Match Secretary to receive individual notification and registration of players, the Executive Committee may, at their sole discretion, accept a composite list of player registration under a single heading provided such heading is received 28 days prior to the commencement of the season.

Further registrations and transfers, after the start of the season, will become effective as soon as the Match Secretary is notified in writing, and in the case of transfers, as soon as the Match Secretary is satisfied that the Secretaries of both clubs concerned are in agreement. Both further registrations and transfers will have to be ratified at the next Executive Committee meeting.

If any player plays for a team before his or her registration, his or her name shall be deleted and the team considered to have played a player short.

33. Clubs with more than one team shall register those teams, but not necessarily the individual players, in ranking order. Players may be transferred at the Executive Committee's discretion.

34. No player shall play for more than one club nor for a team of lower ranking than that which he or she is registered. A player may play as a reserve:

- a) For a team in a higher division;**
- b) For a higher ranking team only to that with which he or she is registered when the teams are in the same division, with the approval of the Match Secretary.**

Where a player is required to play as a reserve for a higher team, he or she may do so without jeopardising his or her appearance in his or her normal team fixture of the same week, subject to rule 35. Any player may be prohibited from making reserve appearances for a higher team at the discretion of the Executive Committee.

No player may play in the last four league matches of a division unless he or she has

played in at least four league matches for that club earlier in the season, without the approval of the Executive Committee.

35. Any player playing for teams higher than that with which he or she is registered may, in the event of playing 4 matches, be transferred up at least one team.
36. Fixtures shall be arranged by the Match Secretary. A match may only be postponed under the following conditions:
- a) Under Rule 22 of the Association. In this instance the Match Secretary must be informed of any such postponement within 7 days of the scheduled date, and of the revised date as soon as possible.
 - b) In extenuating circumstances where the Match Secretary and both Club Secretaries agree on the postponement. In this event the match must be played within 14 days of the date it was originally scheduled to be played.
 - c) In the event of a postponed match not being played within 14 days of the date it was originally scheduled, the match will be graded by the Executive Committee. The criteria the Executive Committee will use to grade the match is: 'what would the score have been had the match been played with both teams fielding their regular team'. Only the non offending team (the team that did not cause the original postponement) will be awarded the sets resulting from the Executive Committee grading.
 - d) In the event of a match being played after the scheduled date in the handbook without the agreement and knowledge of the Match Secretary, the Executive Committee shall declare the result null and void, with no sets awarded to either team. It is the responsibility of BOTH teams involved to ensure that the Match Secretary is advised of any change to the original scheduled date of any match.

The Executive Committee shall have the power to postpone, cancel or rearrange any fixture.

37. Each Club shall play its registered league team in all league matches with equipment conforming to E.T.T.A. standards. A suitable supply of balls must be provided by the home club.

- 38. Matches shall consist of 10 sets; 9 singles and 1 doubles. For the purpose of single sets, teams shall consist of 3 players each playing 3 sets; ie one set against each of the opposing team players. Players taking part in the doubles set need not necessarily have played in the single sets. Games are to commence at 7.30pm prompt and play shall be continuous in the order of the card unless prior agreement to change this order has been made with the opposing team.**
- 39. Clubs not playing a full team may be fined at least £3.00 for each player short. The offending team(s) captain MUST write an explanation on the score card stating why their team was a player short. Clubs not fulfilling a fixture may be fined at least £9.00. The offending club(s) MUST write an explanation to the Match Secretary stating why the match was not played within 7 days of the date it was originally scheduled to be played. Should any infringement of this Rule, by the insertion of fictitious entries on the score-card, come to the notice of the Executive Committee, a fine of at least £15.00 will be imposed on the offending team, or at the discretion of the Executive Committee, on both teams involved.**
- 40. Should a team arrive with a player(s) short, the match will be graded by the Executive Committee, although the non-offending team will be awarded a minimum of 9 games. If both teams are a player(s) short then the match will be graded with no minimum award.**
- 41. A score-card shall be filled in for each match and signed by both captains. The card shall be posted to the Match Secretary immediately after the match. Clubs shall be fined £3.00 per week if the scorecard has not been received by the Match Secretary 7 days after the date of the match, unless the scorecard has been posted on the WDTTA website.**
- If a match is not played, the home team shall post a score-card, endorsed to this effect, to the Match Secretary unless prior advise has been given.**
- 42. Matches shall be decided on games won. The number of games won shall decide the position in a division. Where teams have equal games for, then the team with the least games against will decide the final position in a division, followed by the number of matches won, then the number of matches drawn. Where teams have**

equal games for, against, wins and draws, there shall be a play-off on a neutral table, if promotion or relegation is affected. The play-off shall consist of 9 singles only.

43. At the end of a season the team scoring the highest number of games in each division, subject to rule 42, shall be awarded a trophy and declared champions. Runners-up in each division shall receive prizes, funds permitting.
44. At the end of a season the top team in each division shall be promoted; the final composition of each division shall be decided by the Executive Committee.
45. In the event of a team withdrawing or being expelled from a division before the completion of all its fixtures, all fixtures, whether honoured or not, shall be considered cancelled and shall not count in any league table.
46. At the end of a season, the player in each division with the most games won shall be awarded a trophy as leading player in that division, funds permitting. If the number of matches won is equal, then the player with the higher percentage record will be the leading player. If the percentage record is identical, then there will be a joint award.
47. All persons, including reserves, playing in the Warrington League shall use a bat which is in accordance with the I.T.T.F. ruling on bat rubbers as stated below. There shall be no exception to this rule.

The I.T.T.F. ruling states:

"the surface of the covering material on a of the blade, or of a side of the blade if it is left uncovered, shall be matt, bright red on one side and black on the other."

The current rule now also goes on to state:

"the racket covering should be used as it has been authorised without any physical, chemical or other treatment, (except normal wear) – changing or modifying playing properties, friction, outlook, colour, structure, surface etc."

Bat rubbers must also be on the current active ITTF Approved List of Rubbers.
